The screenshot shows the DadeSchools.net website. The header includes the Miami-Dade County Public Schools logo, the text "DadeSchools.net Giving our students the world", and social media links for Facebook, Twitter, and Email. A search bar is also present. The navigation menu includes links for Discover M-DCPS, Calendars, Committees, Directories, News, Schools, School Board, Superintendent, Portal, and Jobs. Below the navigation menu, there are several tabs: Students (Grades...), Parents (Child info...), Employees (HR, payroll...), Community (Events...), and Bond (Updates...). A green arrow points to the "Parents" tab. Below the tabs, there is a section titled "2020 - 2021 Reopening of Schools Plan" with a house icon. Below this section, there are five featured programs: S.O.A.R. (Securing Opportunities for Academic Recovery), Mental Health Services, Enroll in M-DCPS, NEW: iPrep Academy North 6-12, and Miami-Dade Online Academy.

M-DCPS Acceptable Use Policy

Purpose of the rule

The purpose of this rule is to establish a policy for the acceptable use of the network as a tool for learning in Miami-Dade County Public Schools (M-DCPS) (hereinafter referred to as District). The M-DCPS network is defined as all computer resources, including software, hardware, lines and services that allow connection of District computers to other computers, whether they are within the District or external to the District.

This includes connection to the Internet. In summary, the rule affirms that no user may use the network to take any action or receive and/or communicate any language that the employee or student could not take or communicate in person. Users are defined as anyone authorized by administration to use the Network. This includes, but is not limited to, staff, students, parents, vendors, contractors, and volunteers. Prohibitions in applicable federal, state and/or local law or regulation, collective bargaining agreements and Board Rules are included. Additionally, this rule reflects that there is no expectation of privacy in the use of e-mail or network communications when such communications occur over M-DCPS provided equipment by M-DCPS employees, students, or others.

Purpose of Access to the Network

Networks give schools the ability to share educational and research resources from around the world with all students. These resources include access to instructional applications, interactive collaboration between teachers, students and other users, document sharing, communications of all forms with people from around the world and libraries, museums and research facilities.

I. Acceptable Use Policy

Utilization of the network by users must be in support of and consistent with the educational objectives of the District.
